# Profusion

The GO-TO series for disease resistance and uniformity, Profusion is an outstanding performer in the greenhouse, at retail, in mixed containers and in the garden. Mix any of the colors in packs or pots for added interest.

- Uniform series; bench run all colors in the series including singles and doubles
- Disease resistant so it's easy to grow and longer flowering in the garden
- Extremely heat and drought resistant making it an excellent choice for the landscape
- Inter-specific hybrid with the best traits of both species
- Excellent performance and habit in all climates
- Orange, White and Cherry are All America Selections Gold Medal Winners
