SAKATA®

NEW VARIETIES

This year, we present 32 new additions to our product line, including 2 new series, each of which represents our values of bringing the best and most innovative products to market.

Rooted in over a century of excellence, Sakata continues to cultivate the ultimate gardening experience.

Every new variety is carefully trialed and refined with your success in mind. With a focus on uniformity, precise timing, profitability, and trending colors, our latest introductions are designed to deliver consistent performance and vibrant results—season after season.
