series uniformity,
disease resistance,
retail, landscape and
consumer performance
make **award winning**
Profusion the **GO-TO**
Zinnia at all levels of the
distribution chain.

SAKATA[®]

Profusion

Profusion is known for its uniformity and disease resistance. Incredible uniformity across both series means bench run sales in all colors. Plus, outstanding performance, including extreme disease resistance and heat tolerance means vibrant, long-lasting, true color that is low maintenance!

- Outstanding performer in the greenhouse, at retail, in mixed containers, in the garden and the landscape
- Excellent performance and habit in all climates
- Cherry, Orange, Red and White are All America Selections Gold Medal Winners
- Profusion Red is the first true red zinnia in it's class!
