SunPatiens® Deliver Value

It's no wonder SunPatiens has become one of the leading brands in today's marketplace. Trusted by growers, retailers, landscapers and consumers alike—SunPatiens deliver flourishing color in both sun and shade, spring through fall. With over 11 years of proven performance, no other annual brings more reliable flower power. Plus, SunPatiens...

- Can be direct stuck in containers up to 6 inch
- Can be grown cool for highest quality and to save energy costs
- Do not need PGRs when grown as directed
- Offer very fast growth for quick turns—they beat traditional New Guinea impatiens by 2 to 3 weeks
- Are unaffected by Downy Mildew
- Thrive under high heat and humidity, outperforming traditional bedding plants in growth, stress tolerance and color

SunPatiens® Simplified for 2019

As of June 1st 2018, Sakata is consolidating its SunPatiens offer into 2-series: **Compact** which are ideally suited for warmer climates and high-density production, and **Vigorous** which feature more robust growth habit and may be more suitable for cooler (Northern) climates. Several of the previously named **Spreading SunPatiens** have been renamed and sold as **Vigorous SunPatiens** for 2019.
