

Get More with SunPatiens!

It's no wonder SunPatiens has become one of the leading brands in today's marketplace. Trusted by growers, retailers, landscapers and consumers alike—SunPatiens deliver flourishing color in both sun and shade, spring through fall. With over 12 years of proven performance, no other annual brings more reliable flower power.

SunPatiens® Simplified for 2019

For spring 2019 and beyond, we've consolidated our SunPatiens offer from three habits to two. **Compact** varieties are ideally suited for warmer climates and high-density production. **Vigorous** varieties feature a more robust growth habit and may be more suitable for cooler (Northern) climates. Several of the previously named Spreading SunPatiens have been renamed and are available as Vigorous SunPatiens going forward.
